

Thank you for your enquiry with Process Instruments. To help us to ensure that our range will meet your requirements, please answer the questions below and email back to [enquiries@pisales.co.uk](mailto:enquiries@pisales.co.uk)

<b>Company:</b>		<b>Contact Name:</b>	
<b>Customer Ref:</b>		<b>Date:</b>	
<b>Industry:</b>		<b>Phone:</b>	
<b>Email:</b>			
<b>What is the Media? (please specify)</b>	<b>Gas</b>	<b>Liquid</b>	
<b>Please specify media type</b>			
<b>What is the process temperature?</b>	<b>Min</b>	<b>Max</b>	
<b>What is the process pressure?</b>	<b>Min</b>	<b>Max</b>	
<b>What is the flow rate? (please specify)</b>	<b>Min</b>	<b>Max</b>	
<b>What is the density of the media?</b>			
<b>What is the viscosity of the media?</b>			
<b>What is the pipe outer diameter?</b>	<b>mm</b>	<b>inches</b>	
<b>What is the pipework material?</b>			
<b>Preferred process connection type</b>			
<b>Is hazardous area classification required?</b>	<b>Yes</b>	<b>No</b>	
<b>- If yes, hazardous area certification</b>			
<b>What features do you require?</b>			
<b>- Remote or compact transmitter</b>			
<b>- Analogue and/or pulse output (please specify)</b>			
<b>- Mains power, low voltage or battery power? (please specify)</b>			
<b>- Digital communications</b>			
<b>Is system setup required?</b>	<b>Yes</b>	<b>No</b>	
<b>Commissioning required?</b>	<b>Yes</b>	<b>No</b>	
<b>Documentation required?</b>			
<b>- Traceable calibration certificate*</b>	<b>Yes</b>	<b>No</b>	
<b>- Materials certificate</b>	<b>Yes</b>	<b>No</b>	
<b>- Pressure test certificate</b>	<b>Yes</b>	<b>No</b>	
<b>- Welding certificate</b>	<b>Yes</b>	<b>No</b>	
<b>- Certificate of conformity</b>	<b>Yes</b>	<b>No</b>	

If any details about the application are unknown, please mark unknown in field

\*Most flow meters are issued with a factory calibration certificate

Please give a brief description of your process and application:
